

IGEL LICENSING OVERVIEW

IGEL COSMOS is the secure endpoint platform for accessing today's hybrid digital workspaces including VDI, DaaS, or SaaS from any endpoint device. IGEL COSMOS was launched in March 2023 and is IGEL's flagship offering adding significant value for both existing and future customers.

IGEL COSMOS, the secure endpoint platform includes:

- IGEL OS 12 and IGEL OS 11 endpoint operating systems
- IGEL UMS 12 including Enterprise Management Pack functionality to manage both IGEL OS 11 and OS 12 endpoints
- IGEL Cloud Services such as App Portal, Onboarding Service, IGEL Licensing Portal, Insight Service, and Customer Portal
- IGEL Support - choose a level between Select, Priority, or Plus.

IGEL COSMOS PLATFORM ACCESS SUBSCRIPTION (PAS) - April 2023 and Beyond

	CLOUD SERVICES*	OS 12	OS 11*	UMS	Support
IGEL COSMOS Select PAS	x	x	x	x	Select
IGEL COSMOS Priority PAS	x	x	x	x	Priority
IGEL COSMOS Plus PAS	x	x	x	x	Plus

By default, COSMOS PAS is orderable for a 1- or 3-year term and includes maintenance.

IGEL OS 11 LICENSING - Legacy, pre-COSMOS

IGEL OS 11 Select Subscription	x	x	x	x	Select
IGEL OS 11 Priority Subscription	x	x	x	x	Priority
IGEL OS 11 Plus Subscription	x	x	x	x	Plus
IGEL OS 11 Perpetual License with Maintenance	x	x	x	x	Select
IGEL OS 11 Workspace Edition Without Maintenance	-	-	x	x	-

* With IGEL OS 11, access to IGEL Cloud Services is limited to IGEL License Portal (ILP) and Insight Service only.

COSMOS PAS and IGEL OS 11 Subscription both include Enterprise Management Pack (EMP) functionality. Customers with IGEL OS 11 Perpetual with maintenance should migrate to COSMOS PAS for EMP functionality.
