Deep Integrations in Industry Verticals

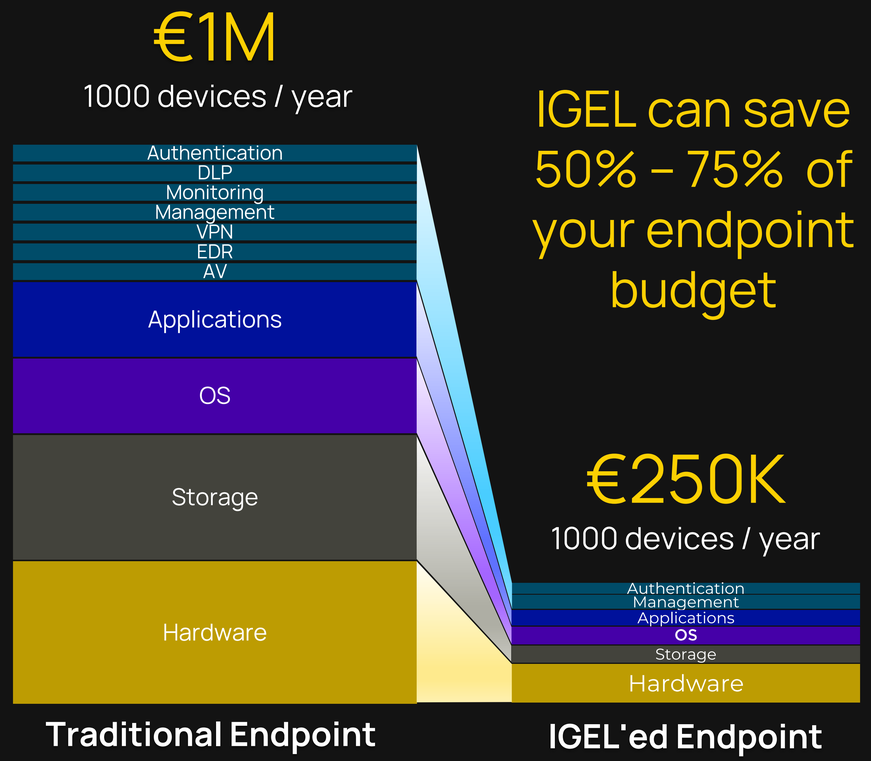

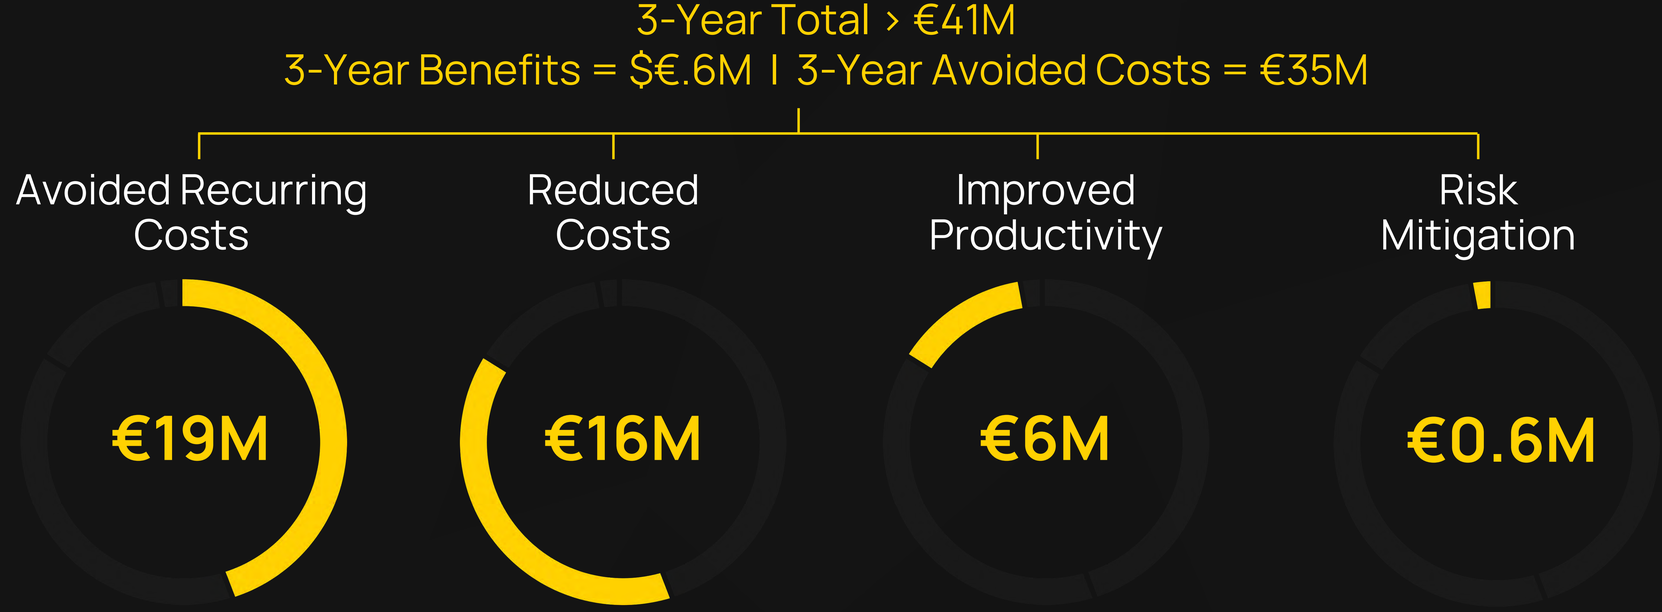

Rethink the Endpoint Strategy

- Implement IGEL's Preventative Security Model™
- Reduce CapEx & OpEx cost
- Reduce endpoint software costs

Customer Example - 40k Endpoints - Saves >90%

3-Year Total > €41M
3-Year Benefits = $€.6M I 3-Year Avoided Costs = €35M

“IGEL is the best way to meet your sustainability goals for ESG reporting & compliance”

Sustainable IT

IGEL’s vision is to transform the way the world works, creating better outcomes for people, organizations and our planet.

IGEL helps reduce your carbon footprint by using aging hardware for longer, optimizing resources across your IT infrastructure, and reducing energy consumption which shows a positive effect on IT budget savings.

IGEL Strategy for 2024 … and Beyond!

- Become your “Secure Endpoint OS for Now & Next”
- Deliver industry-specific, amazing technology solutions
- 100% partner business model
